

**Team:** Team 9

**Inject Number:** 30

**Inject Duration:** 60 Minutes

**Inject Start Date/Time:** Sat, 11 Feb 2017 21:20:34 +0000

**From:** Sec Ops

**To:** Network Team

**Subject:** Implement Denial of Service Protection Policies

The CEO read a report in Network World about how hackers often use DoS Attacks against major businesses.

Be sure your Palo Alto Firewall is configured with a defining DoS Protection Policy together with defining zone protection on the EXTERNAL zone.

Your deliverable is a report to the IT Director on how you accomplished this, with screen shots showing the policy and the zone protection dialogue box.

Thank you.
