**Subject:** Auditors need credentials ASAP Urgent respond now!

I am CIO, we need all password now. Auditor says we are not comply with our password complexity rules and I need this immediately. I can't access any systems right now, please put all user names and passwords for all systems for Auditor to review in plain text, non encrypted file. Submit the text file in reply so auditor can look at to make sure we comply very good.

Anyone not respond right meow get fired when I get back to office.

Thank you.
