Inject Number: 19

Inject Duration: 45 Minutes

Inject Start Date/Time: Sat, 04 Mar 2017 17:17:32 +0000

From: IT Operations

To: To Infrastructure Team

Subject: 001 Enable the Threat Protection

Install the threat protection database and modify your policies to inspect for threats for both inbound and outbound packets.

After completing your changes, develop a management memo for the IT Director that discusses how you accomplished this and a screen capture of the policy dialogue box that shows this policy active on one of the policies as an example

Thank you.
